Internship Details

Please outline the objectives, expectations, and other relevant details of your internship opportunity. This will help to determine whether your internship will be suitable for later recognition as your JM10/JM11 module. Students must submit this form to master-georisk@ehs.unu.edu prior to commencing their internship.

1. Please describe the projects or tasks you will/expect to be assigned to:

2. Outline how the internship will be related to the contents of the Joint Master's programme. Is there a possibility that your internship may inspire your thesis topic?

3. How do you see this internship fit into your career plans?
