

Instructions for registering for examinations in BASIS

(as of 10.10.2025)

Registering for examinations works in a similar way to registering for courses.

- Log in to the study portal (basis.uni-bonn.de) with your user ID and password.
- Select the **Planner of studies with Module Plan** on the homepage.
- Select my course of study.

Important! The correct semester must be selected here:

Open the desired module and click on the door for the examination:
