The following Master Thesis papers have been successfully submitted by our students since 2015:

A B C D E F G H I J K L M N P R S T U W Z

A
Akrofi-Atitianti, Felix (2016): *Conditions and Processes Framing the Capacity of Cocoa Farmers to Practice Climate Smart Agriculture in Ghana*
Supervisor: Dr. Chinwe Ifejika-Speranza, United Nations University, Institute for Environment and Human Security

Anderson, Carl (2017): *Multi-hazard vulnerability and risk in the Mississippi Delta: a comparison of index-based approaches*
Supervisor: Dr. Fabrice Renaud, United Nations University, Institute for Environment and Human Security

Angga Reksa, Abdul Fikri (2019): *Beyond Technology – Investigating the Implementation of the Indonesia Tsunami Early Warning System (InaTEWS) and its Challenges in Central Sulawesi*
Supervisor: Prof. Dr. Julia Verne, University of Bonn, Department of Geography

Anschell, Nicole (2019): *Displacement in motion: following forced movement in the climate change negotiations*
Supervisor: Prof. Dr. Julia Verne, University of Bonn, Department of Geography

Supervisor: Prof. Dr. Detlef Müller-Mahn, University of Bonn, Department of Geography

B
Bertram, Marissa (2019): *Just between you, me and the whole world: Investigating blogging as a coping mechanism of expatriate development volunteers in Bangladesh*
Supervisor: Prof. Dr. Julia Verne, University of Bonn, Department of Geography

Bönewitz, Martin (2016): *Flood Risk Management in Saxony-Anhalt, Germany – A Case Study Comparison on Organisational Learning about Flood Risk Communication*
Supervisor: Prof. Dr. Mariele Evers, University of Bonn, Department of Geography

Brummel, Christoph (2015): *Possibilities and limits of aid in fragile contexts: The case of a food security project in South Kivu, Democratic Republic of the Congo*
Chiimba, Everjoy Grace (2018): A critical assessment of the role of the BaTonga woman in EbA
Supervisor: Prof. Dr. Fabrice Renaud, University of Glasgow, School of Interdisciplinary Studies

Cook, Joseph D. R. (2017): Challenges and Opportunities of Disaster Risk Governance in Protracted crises using expert interviews – A case study of Yemen
Supervisor: Prof. Dr. Lothar Schrott, University of Bonn, Department of Geography

Supervisor: Dr. Chineke Ifejika-Speranza, United Nations University, Institute for Environment and Human Security

Doshi, Deepal (2018): Delivering on the promise of the Paris Climate Agreement: is adaptation finance allocation prioritizing the most vulnerable?
Supervisor: Dr. Matthias Garschagen, United Nations University, Institute for Environment and Human Security

Enge, Svenja (2018): Operationalizing Migration Impact for Index-Based Disaster Risk Assessments – A Systematic Approach to Migration as Multidimensional Risk Dynamic
Supervisor: Prof. Dr. Patrick Sakdapolrak, University of Bonn, Department of Geography

Engler, Veronika Marie (2019): Vulnerability in the context of dependency on critical infrastructure in developed countries: an example on disaster management preparations in the city of Schwandorf, Germany
Supervisor: Dr. Jörg Szarzynski, United Nations University, Institute for Environment and Human Security

Supervisor: Prof. Dr. Lothar Schrott, University of Bonn, Department of Geography

Supervisor: Dr. Michael Hagenlocher, United Nations University, Institute for Environment and Human Security
Frommé, Ezra (2018): REDD+ as a no regret solution? Assessing REDD+ social co-benefits and their potential contribution to rural development
Supervisor: Prof. Dr. Julia Verne, University of Bonn, Department of Geography

Supervisor: Prof. Dr. Lothar Schrott, University of Bonn, Department of Geography

Großmann, Lena (2018): Risk & Risk Governance in High Mountain Areas - A journey from the past to future in Großarl Valley (Austria)
Supervisor: Dr. Jan Blöthe, University of Bonn, Department of Geography

Hartmann, Jennifer (2016): Factors driving land use change in the area of Dano, south-western Burkina Faso
Supervisor: Dr. Chinwe Ifejika-Speranza, United Nations University, Institute for Environment and Human Security

Hartmann, Sönke (2017): Challenges of squatter settlement migration in Fiji: An analysis of drivers for human mobility and coping strategies in destination areas
Supervisor: Dr. Jörg Szarzynski, United Nations University, Institute for Environment and Human Security

Hugenbusch, David (2016): From Indices to Incidents – Development and Validation of a Vulnerability Index in Germany by Use of a Federal Emergency Response Dataset
Supervisor: Dr. Jörg Szarzynski, United Nations University, Institute for Environment and Human Security

Huhn, Anna Lena (2017): Traces of a Travelling Paradigm – Anticipatory Humanitarian Action and its Global-to-Local Journey of Translation: Case Study of Forecast-Based Humanitarian Action in Mozambique
Supervisor: Prof. Dr. Julia Verne, University of Bonn, Department of Geography

Issaka Ayannor, Sule (2017): Nationally Appropriate Mitigation Actions (NAMAs). Mainstreaming NAMAs into National policies and Long term Development Plans: Case studies of the NAMAs of Ethiopia, Georgia and Indonesia
Supervisor: Prof. Dr. Detlef Müller-Mahn, University of Bonn, Department of Geography
Supervisor: Prof. Dr. Fabrice Renaud, University of Glasgow, School of Interdisciplinary Studies

Kemeh, Sandra Delali (2017): *Prospects of the Landscape Approach in Drought Risk Reduction: A Case Study of Masongaleni Sub-location, Kibwezi in Makueni County, Kenya*
Supervisor: Prof. Dr. Julia Verne, University of Bonn, Department of Geography

Khan, Shahnaz Kousar (2017): *Flood Protection, Social Inequality and Spatial Injustice: A case study of Nullah Deg, Sialkot District, Punjab province, Pakistan*
Supervisor: Prof. Dr. Detlef Müller-Mahn, University of Bonn, Department of Geography

Kielwein, Cara (2017): *An Early Warning-Early Action System for Drought – Identifying indicators, thresholds and triggers. A Case Study from Sudan*
Supervisor: Dr. Jörg Szarzynski, United Nations University, Institute for Environment and Human Security

Kimambo, Issaria Joshua (2019): *Strategies of Tanzanian smallholder Banana farmers to cope with the risk of pest and diseases. Interrogating the potential of Argo- Information and Communication Technology to improve Production and Risk Management.*
Supervisor: Prof. Dr. Julia Verne, University of Bonn, Department of Geography

Kusdian, René (2017): *Analysis of Ecosystem Services provided by Mangroves in North Jakarta, Indonesia using the Toolkit for Ecosystem Service Site-based Assessment (TESSA)*
Supervisor: Dr. Fabrice Renaud, United Nations University, Institute for Environment and Human Security

Lange, Simon (2015): *The Truck-Stop Economy as a Motor of Change for the Pastoral Afar in Ethiopia*
Supervisor: Prof. Dr. Detlef Müller-Mahn, University of Bonn, Department of Geography

Le-Anh, Vu (2017): *Factors favoring soil selling for construction materials and their impacts on soil ecosystem services and farmer’s well-being*
Supervisor: Dr. Fabrice Renaud, United Nations University, Institute for Environment and Human Security

Lin, Fang-Ju (2017): *How do local residents of Chui province in Kyrgyzstan respond to drought and flood risks*
Supervisor: Dr. Fabrice Renaud, United Nations University, Institute for Environment and Human Security

Supervisor: Prof. Dr. Jörg Szarzynski, United Nations University, Institute for Environment and Human Security

Supervisor: Prof. Dr. Detlef Müller-Mahn, University of Bonn, Department of Geography

Michel, Yvonne (2017): How does the international humanitarian community prepare and coordinate disaster relief? The potential of scenario exercises for efficient disaster response operations

Supervisor: Dr. Jörg Szarzynski, United Nations University, Institute for Environment and Human Security

Min, Annika Karin (2019): Evaluating impacts of ecosystem-based adaptation to climate change (EbA) measures in Miraflores, Nor Yauyos Cochas Landscape Reserve, Peru: A case study and a way forward for evaluation methodology

Supervisor: Dr. Yvonne Walz, United Nations University, Institute for Environment and Human Security

Mkado Lawreen (2018): Linking migration to climate change – Views from farming communities in Kitui County, Kenya

Supervisor: Prof. Dr. Julia Verne, University of Bonn, Department of Geography

Supervisor: Dr. Yvonne Walz, United Nations University, Institute for Environment and Human Security

Mousaviun, Zohreh (2016): The Meaning of “Participation” In Disaster Risk Management, The example of the Megacity of Tehran

Supervisor: Prof. Dr. Sabine Tröger, University of Bonn, Department of Geography

Muliro, Mashauri (2016): Livelyhood Resilience of Inland Fishers in the context of Climate Change in Northern Benin

Supervisor: Dr. Chinwe Ifejika-Speranza, University of Bonn, Department of Geography

Supervisor: Dr. Jörg Szarzynski, United Nations University, Institute for Environment and Human Security
Narvaez Marulanda, Blanca Liliana (2018): Communities’ perception of their adaptive capacities related to water availability in El Aguacate microwatershed – Paz River, El Salvador
Supervisor: Dr. Fabrice Renaud, United Nations University, Institute for Environment and Human Security

Nchotebah Kenduanyi, Thomas (2019): Flood security in the context of rapid urban growth - the case of Niamey, Niger
Supervisor: Prof. Dr. Detlef Müller-Mahn, University of Bonn, Department of Geography

Neumann, Thomas (2018): Putting the MCII Pro-Poor Principles into action. How to use the Pro-Poor Principles as a framework for the design of agricultural microinsurance products using the example of Kirgistan
Supervisor: Dr. Michael Zissener, United Nations University, Institute for Environment and Human Security

Patz, Thomas (2017): Political-Ecological Implications of Tropical Sustainable Forest Management in Panay, Philippines
Supervisor: Prof. Dr. Julia Verne, University of Bonn, Department of Geography

Supervisor: Dr. Michael Hagenlocher, United Nations University, Institute for Environment and Human Security

Pettifer, Lydia (2016): Assessing the Flood Vulnerability of Cambodian Youth Migrants in Bangkok
Supervisor: Dr. Matthias Garschagen, United Nations University, Institute for Environment and Human Security

Riedmann, Johanna (2016): Volunteerism in Tunisian Civil Protection – A Policy Mobility Approach
Supervisor: Dr. Jörg Sarzynski, United Nations University, Institute for Environment and Human Security

Ros Martinez, Antoni (2016): Building resilience of socio-ecological systems in coastal areas. A reversed-engineered case study based on the use of Eco-DRR and hybrid solutions in the North Coast of Java (Indonesia) and the transferability of those solutions
Supervisor: Dr. Fabrice Renaud, United Nations University, Institute for Environment and Human Security
Supervisor: Prof. Dr. Mariele Evers, University of Bonn, Department of Geography

Schüller, Lynn Alexandra (2016): *Modelling peak outflow of potential landslide dams failures in the NW Himalaya*
Supervisor: Prof. Dr. Lothar Schrott, University of Bonn, Department of Geography

Supervisor: Prof. Dr. Detlef Müller-Mahn, University of Bonn, Department of Geography

Shrestha, Kaushal Man (2019): *Livelihoods resilience and transforming social ecological systems in Uganda: Oil palm and the island district of Kalangala*
Supervisor: Dr. Zita Sebesvari, United Nations University, Institute for Environment and Human Security

Supervisor: Dr. Zita Sebesvari, United Nations University, Institute for Environment and Human Security

Sidikka, Farzana (2017): *An assessment of Climate Change and Socio-Economic Vulnerability-Effectiveness of Social Protection Measures: A Case Study of South-Western Part of Bangladesh*
Supervisor: Prof. Dr. Detlef Müller-Mahn, University of Bonn, Department of Geography

Siedentopp, Lena (2016): *Disaster Risk Diplomacy Prospects for trans-boundary emergency coordination efforts between Jordan, Israel and Palestine*
Supervisor: Dr. Jörg Szarzynski, United Nations University, Institute for Environment and Human Security

Supervisor: Dr. Jörg Szarzynski, United Nations University, Institute for Environment and Human Security

Steinkühler, Johanna (2017): *Vulnerable Global Value Chains - The Ambivalent Effects of Value Chain Development in Malinau District, Indonesia*
Supervisor: Prof. Dr. Julia Verne, University of Bonn, Department of Geography

Sumbal, Shehrbano (2017): *Flood Risk Awareness Along River Ravi in Lahore and Sheikupura Districts*
Supervisor: Prof. Dr. Mariele Evers, University of Bonn, Department of Geography
Ta-ah Tingwey, Eugene (2016): Assessing the impacts of Improved Cook Stoves (ICS) on fuel wood consumption and environmental protection in the Mount Cameroon area of Buea, Southwest Region of Cameroon
Supervisor: Dr. Chinwe Ifejika-Speranza, United Nations University, Institute for Environment and Human Security

Talk, Julia (2018): Analysing the potentials of an Appreciative Economy for creating regenerative socio-economic systems exemplified by the companies cirlewise and Sonett
Supervisor: Prof. Dr. Julia Verne, University of Bonn, Department of Geography

Urdangarin Meabe, Iker (2017): Social capital and the collective coping capacity with regards to flood risks in poor Kampungs of Jakarta
Supervisor: Dr. Matthias Garschagen, United Nations University, Institute for Environment and Human Security

Supervisor: Prof. Dr. Detlef Müller-Mahn, University of Bonn, Department of Geography

Walji, Amyas (2017): Determining Adaptive Capacity through Exploring Local Knowledge on Climate Change
Supervisor: Dr. Matthias Garschagen, United Nations University, Institute for Environment and Human Security

Wannewitz, Sabrina (2017): Downscaling of the World Risk Index to sub-national scale and its expert-based validation
Supervisor: Dr. Matthias Garschagen, United Nations University, Institute for Environment and Human Security

Weigl, Sonja Elisa Catherine (2017): Sensitivity of electrical resistivity tomography of rock glacier permafrost – model uncertainty & implications for hydrological assessments
Supervisor: Prof. Dr. Lothar Schrott, University of Bonn, Department of Geography

Supervisor: Prof. Dr. Julia Verne, University of Bonn, Department of Geography
